Yaaaay finally a survey 8D Sorry for some of my long and derpy answers. XD

I haven't really been present for the CCSF in the past, but this year, I really want to be there to celebrate! Thank you!

Super excited!!! The CCSF is what kept me in the community all these years.

Hopefully it won't be as messy as last CCSF, it was like the community was not only asleep but the theme didn't seem to be very inspiring either. I kinda regret not taking direct charge of some of the decisions that were being made.

Thanks :)

Tip: Plan the CCSF in November so that people start working on things in time. If there could be more submissions, move it to December.

No comment.

I'd be willing to contribute to anything that needs something drawn. Prizes, sprites, etc.

## Round 2

Of the following themes, which would you most like to see?

24 responses

Who do you think should be the coordinator for the festival? If your name is on this list, please do not vote - instead select one of the first three options.

24 responses

The festival will run for a week in November. Which week do you think it should be? (The exact festival dates will give them an idea of what is wanted.)

Do you have anything else to add?

A Halloween start sounds fun

I'd be fine with both Doringo and Ylukyun as organizers. I can only pick one though. :P

I mean, "The unexpected or paradoxical" can overlap with the spooky Halloween stuff...

I'm planning on contributing some very nice renders if I can get this head model looking good on time.

This'll be my first year as a real participant, and I'm excited to see how it goes!

looking forward to (hopefully) participating in my first ccsf! :D

I like several of the themes, aside from the one I voted for on this survey, Community collaboration, is also one that I like! If not December than maybe the second week of November would've been my choice. I honestly forgot if I chose someone as Coordinator for my first survey, so, if there's an inconsistency, I apologize, haha.

All aboard the hype train! :D

have a good day !! = )

I'm already getting excited for the CCSF!

bepis

I'm just hoping for some Creatures 3 related stuff when it comes to downloads; that's the only version I have!

not picking a person to host bc I don't know enough about any of them to choose
